Whole-of-Commission approach

Whole-of-Commission approach

President's Cabinet chairs a Taskforce for a Sustainable Digital Future (media, protecting children, safeguarding democracy, security, free and open markets, future of labour, reducing carbon) with representatives from each DG responsible.

Whole-of-Commission approach

President's Cabinet chairs a Taskforce for a Sustainable Digital Future (media, protecting children, safeguarding democracy, with representatives from each DG responsible.

Day to day coordination assigned to a **Commissioner for a** Sustainable Digital Future, backed up by the Secretariat General.

The Next European Commission

security, free and open markets, future of labour, reducing carbon)

Whole-of-Commission approach

President's Cabinet chairs a Taskforce for a Sustainable Digital **Future** (media, protecting children, safeguarding democracy, security, free and open markets, future of labour, reducing carbon) with representatives from each DG responsible.

Day to day coordination assigned to a **Commissioner for a** Sustainable Digital Future, backed up by the Secretariat General.

The Task Force sets clear targets for Cross Commission teams in each of the six areas to deliver. The Taskforce must give regular progress updates to the European Parliament and to the Council.

Stoppt die sechs Reiter der digitalen Apokalypse!

Johnny Ryan, Senior Fellow am irischen ICCL, Pencho Kuzev, Politikberater an der Konrad-Adenauer-Stiftung. FOTO: JULIANE LIEBERS

Viele fürchten, dass der Wahlkampf für die diesjährigen Europawahlen von Desinformation auf Online-Plattformen geprägt sein wird. Die Digitalexperten Johnny Ryan und Pencho Kuzev warnen unterdessen die nächste EU-Kommission bereits jetzt vor der drohenden digitalen Apokalypse. Welche Regulierungsmaßnahmen sie fordern, schreiben sie im Standpunkt.
